

The purpose of this map is to assist in planning walking and cycling trips throughout the Town of Lincoln. The provincial or national bicycle route or pathway designation on a street on the map as a regional does not necessarily guarantee any minimum facility width. Cyclists should exercise the same level of caution when using these streets as they would on any undesignated streets. All routes should be evaluated by each individual cyclist based on their level of experience, comfort level in cycling in traffic, weather conditions, time of day, and any road obstacles. The Town of Lincoln is not responsible for any unforeseeable offences committed by third parties, which may cause hazard to cyclists.

Plan your route or just explore the Town with the Town of Lincoln Trails and Bikeways System Map. The map highlights on and off road walking trails, multi-use trails, suggested routes, connections to local, regional, provincial and national trail systems, and provides important safety information about cycling.

### Welcome to the Town of Lincoln Trails & Bikeways System Map

- J. Jordan Public School
- K. 1st Netherland Reformed Christian School
- L. Campden Public School

Scale: 1:15,000

### Trails & Bikeways Network

Generally, there are on-road and off-road trail facilities as shown below:

#### Shared Lane & Cycling Lane

Shared lane on-road facilities may or may not be designated by various bikeway network signages as preferred routes for cycling, but no physical changes are made to the roadway.

#### Off-road Trails & Bikeways

Off-road multi-use trails are separated from the road and are for the use of cyclists and pedestrians. Cyclists should dismount and walk their bicycle on designated pedestrian only trails.

### Enjoy the Town by Bicycle

### Trails & Bikeways Signage

Signed route systems help cyclists navigate bicycle routes that are signed both on-road and off-road.

A number of regional, provincial and national trails have produced maps and signs on roads that pass through the Town of Lincoln.

The Town of Lincoln trail marker signage identifies sections of off-road trails and bikeways that connect on road routes and outlines the rules of each section of trails.

#### Regional, Provincial and National Signage in the Town of Lincoln

### Cycling Safety and the Law

Bicycles are regulated as vehicles under the Ontario Highway Traffic Act (HTA)

- Bicycles must have working rear brakes and a bell or horn.
- At night, bikes must have a white light on the front, a red light or reflector on the back, and reflective tape on the sides.
- A helmet is required for all riders under the age of 18 and is recommended for all riders.

#### Hand Signals

#### Equipment

Ensure your helmet sits two fingers above your eyebrow to the bottom of your helmet. The helmet should sit flat and fit snugly and not block the field of vision.

### Trail Etiquette

- Share the trail and keep right except to pass.
- When passing, alert other trail visitors and use caution.
- Respect the trail environment and neighbouring lands.
- Cyclists, control your speed and yield to other cyclists and pedestrians.
- Pick up after your pets.
